## The Refillable Carpenter Push-Pencil

**Very robust  
and long-lasting**

**Pica BIG Dry®**

## Pica BIG Dry Longlife Construction Marker

### The refillable carpenter push-pencil

- Automatic lead feed at the push of a button
- Refillable with different leads for most versatile capabilities

### Very robust and long-lasting

- With lead sharpener for precise marking down to the millimeter
- Unique high-tech push mechanism
- Maximum protection against dust and moisture
- For sturdy rectangular leads in 2 x 5 mm profile: ideal for marking purposes
- Precise edge guide while marking
- Extremely long marking capacity
- Always operational
- Leads are easy to refill from the back
- Equipped with FOR ALL graphite lead 2B
- Typical Pica: BIG Dry in convenient quiver cap with special clip for perfect one handed handling
- Extremely long-lasting and sustainable due to high quality product technique and refill ability

### Hexagonal hole, suitable for a bit

### Pica BIG Dry refill leads For refill or exchange

#### In the convenient and sturdy plastic box

- Rectangular leads with 2 x 5 mm profile, 150 mm long
- 12 refill leads each in a refill box for secure storage
- Lead box with two wings to open for an easy and intuitive handling

#### Wide selection of leads for various applications

##### 6030 – 6045 FOR ALL universal leads

- In graphite 2B, white or red
- For most materials: Dry or wet, glossy or rough, dusty or oily, bright or dark
- Wipe clean from glossy surfaces with a damp cloth
- Invisible when painting over with dispersion paint
- Protect red and white from temperatures >30°C

##### 6050 Carpenter leads 2H

- Standard graphite leads in hardness 2H
- Ideal for dry timber

##### 6055 Stonemason leads

- Standard graphite leads in special hardness 10H
- Ideal for dry and rough brickwork, stone and concrete
- Extremely hard and sturdy

##### 6051 ANILINE 2.0 "All-weather leads"

- Special graphite leads
- Ideal on wet materials
- For deep black marking on wet timber
- New formulation: non-toxic and environment friendly

##### 6070 Summer leads

- Stable up to 70° C
- For most surfaces, not for glassy/glossy surfaces
